## **DOE FACTS\* Questionnaire**

The SLAC National Accelerator Laboratory is operated by Stanford University for the U.S. Department of Energy. The DOE requires that SLAC gather and document selected information on all Non-U.S. Citizens (including Permanent Residents) who perform work and/or research on SLAC premises. If applying for a job, your answers to the following questions will be maintained separately from your application materials and will not be utilized in the determination of qualification or suitability for this or any other job opening at SLAC. Failure to supply SLAC with the requested information will preclude you from consideration for employment or on-site presence.
