--

Go to Printer Setup Utility

- Add printer
- Use Line Printer Daemon – LPD
- On address field enter: printserv.slac.stanford.edu **AND**
- On queue enter: theoryxerox
- In print using – choose: Xerox and find Xerox WCP C3545 or (Generic Postscript Printer)
 - o Note: Upon choosing the printer: Xerox WCP C3545 the Printer Setup Utility demands to know the "Installable Options" choose there the following:
 - Input Tray Configurations: "4 Paper Trays"
 - Finisher/Output Tray: "Professional Finisher"
 - Hole Punch Unit: "Not Installed"
- Click Add
- the new printer's name inside your normal printing dialogue will then be "**printserv.slac.stanford.edu**"; you can use duplex printing.
