

MINUTES OF PROJECT M MEETING NO. 59

Date: August 11, 1960, 4:00 p.m.
Place: Physics Lecture Hall, Room 104
Present: Neal, Brown, Lebacqz, Eldredge,
Schrade, Kinst, Gould, Kraus,
Marcum, Bunker, Loew, Kirshbaum,
Kendall, Chu, Mallory, Jones, Cain,
Jespersion, Christie, Breymayer,
Whitson, Edwards, Kirk

Next Meetings: Thursday, August 18, in Room 370,
old Physics. Mr. Neal will continue
with the discussion of accelerator
specifications. Please bring your
copy of Section II.B to the meeting.

I. Discussion by R.B. Neal

Mr. Neal discussed the accelerator specifications as they are given in Section II. B of the Source Book. (This section was distributed to those present at the meeting.) It is the present intention to revise Section II.B within the next few weeks and to issue an amended version. Leaders of the individual groups are urged to work up a revised specifications summary for the work of their group that can be used in Section II. B.
