

MINUTES OF PROJECT M MEETING NO. 64

Date: 29 September 1960
Place: Physics Lecture Hall 104
Present: Quite a few people (Kirk lost the notes).

I. Talk on the work of the Summer Study Group

Mr. Mozley reported on the work of the Summer Study group. This group has prepared thirteen internal reports which summarize their work. These reports are listed in the M reports list as: M-200-1, M-200-2, etc.

Next Meeting:

Mr. Dedrick will talk on Radiation Shielding. Same time and same place.
