

M-239

MINUTES OF PROJECT M MEETING NO. 75

Date: January 5, 1961 at 4 p.m.

Place: Room 370, Old Physics Building

Present: Loew, Turner, Sphar, Veldhuisen, Williams, Goers, Neal, Kinst, Christie, Eldredge, Lebacqz, Sandkuhle, Meloni, Fowkes, Mallory, Jasberg, Crabtree, Cain, Snyder, Muray, Bunker, Helm, Beardsley, Willson, Edwards, Jones, Kraus, Dome, Hiral, Chang, Ginston, Yingst, McKinney, Doble, Dwelley, Buchalter, Kirk

I. Contract Matters

Mr. Neal described the recent changes that have been made in the available contract funds and some of the probable consequences of this.

II. New Staff Members

Two new staff members were introduced, Mr. Ray Sandkuhle, who will be concerned with the support and alignment system for the accelerator; and Mr. Clark Sphar, who will work with Mr. Turner on modulator development. Mr. Muray has also joined the staff, to work with Mr. Mosley.

III. Talk on Mark IV Conversion

Mr. Goers described the planning for and the present status of the Mark IV conversion program.

Next meeting: Thursday, January 12, 1961, Room 370, Old Physics, 4 p.m. Mr. Eldredge will talk about accelerator structures.
