Energy Secretary to Visit SLAC

The afternoon of Friday, June 11, DOE Secretary Bill Richardson will be at Livermore Lab in the morning, arriving at SLAC after lunch. So far the SLAC agenda calls for an All Hands talk on The Green, a meeting with the Directorate, a meeting with Young Scientists and a tour of the experimental facilities. Look for more information on the visit next week when details are finalized.

Bob Mozley Memorial Service

The service is scheduled for Sunday, June 13 at 3:30 pm at the SLAC Cafeteria. Given the short time until the service, please pass this information along to any of Bob's friends whom you know. For more information, contact Charlie Prescott at x2856.

Traffic Control at Main Gate

There are more changes coming at the Front Gate. This weekend the old "yield" signs on the street will be removed using wet sandblasting. Work will be done one lane at a time, so there will be traffic control in place on Saturday.

Smoking Sewers

SLAC sewers will be tested for undesirables of the animal, vegetable or mineral variety, using a high-pressure smoke. So if you see smoking sewers on June 9 and 10 during business hours, then the test is working as it should. Questions can be directed to Genevieve Fire at x3458.

Busy Summer Ahead

There are many events planned for this summer, such as the Secretary's visit next week, the Summer Institute, the Lepton-Photon conference in August, as well as the BaBar dedication. For a full list of events, see [http://www.slac.stanford.edu/grp/pao/event.html](http://www.slac.stanford.edu/grp/pao/event.html)

Our Coveted Address

A recent list of members of the Western Association of Venture Capitalists shows that 48 of this exotic breed have businesses right here on Sand Hill Road. Rents across the street from us cost about $6-$7 a square foot. And you can bet most of them will be involved in the next Sand Hill Challenge, the soap box derby, scheduled for September 26th.

Bridge Players Needed
Judy Nowag x2341 in ES&H would like to hear from you if you are interested in lunch time bridge games. Games are on Wednesdays and Thursdays and a few backups are always needed. The current players are Dave Aston, Dave Brown, Sam Howry and Angie Seymour. There's computerized scoring as well.

FleaMarket

You can post your classified ad using the SLAC FleaMarket Submission form. Current ads can be seen on the FleaMarket web page. These pages can be viewed from computers within the SLAC domain.
