Email Anxiety

Many of us have received emails forwarded through a chain of recipients that purport to give inside information about the events of September 11th or warn of additional dangers. Before you forward these emails to friends and co-workers, take a moment to check out their veracity at the two sites below:

Health-Related Hoaxes and Rumors
Maintained by the Centers for Disease Control and Prevention (CDC), this is a great site to check out when examining medical and health-related rumors and hoaxes.

SLAC Run, Walk, 'n Roll

The 30th annual event, held November 1, 2001, was a rousing success. Top finishers were: male runner - Ashley Deacon (22:01), female runner - Micki DeCamara (27:08), male skater - Warren Focke (14:10), female skater - Tess Byler (23:10). The oldest participant was Herman Winick. The most unusual participant, Zoe VanHoover, completed the 3.1+ mile course on a unicycle in about 31 minutes. Watch the SLAC Run Web space for official results and photos. Some large and x-large shirts and tank tops are still available for purchase. Details will be posted on the web site shortly.
