May 30, 2003

**New Sidewalks Coming Your Way**

Starting June 9, construction will begin on a new sidewalk system encompassing the three pedestrian walkway areas at the intersection of the Campus Loop Road (Cooling Tower 101) and the road to Sector 30. This will include: (1) a section on the north side of the Campus Loop Road parallel to the cooling tower; (2) a section on the southwest corner of this intersection by trailers 205 and 206; and finally (3) a section on the southeast corner of this intersection by trailer 207. New sidewalks will provide better pedestrian protection from the high-volume of vehicle traffic in this area. During the three-day construction period, watch for traffic cones and other markings, and obey traffic control measures that might be in place.

**Guest House Opening Reception and Tours**

Mark your calendars, the opening reception for the SLAC Guest House will take place on Thursday, June 19. The event will include an Open House and Lab site tours for visitors. Crews are putting the final touches on the new facility, which will be officially open for business starting June 13. If you would like to check availability or make a reservation, there's a nifty online reservation system.

**Upcoming Colloquium**

This coming Monday, June 2, Professor Su Dong will be the SLAC Colloquium guest. His presentation, 'Prospect of R Measurement at BaBar: An Exploration of Initial State Radiation,' will take place at 4:15 p.m. in the Panofsky Auditorium.
